AX Passaic Briefing Final (6).pptx

Brian – You may have heard the Administrator briefing is back on for Friday.

Here is the final briefing. Would you like us to forward it on to anyone in particular? Who usually distributes these things? (Karin Leff told Del she didn't get a copy last time Walter sent it down.)

We would like to talk to you about (yet another) issue, if you're in tomorrow. Could you let us know if there is a good time? Thanks!
